Experience

Internship At Frontware International   *Bangkok, Thailand*
DEVELOPER   *Jul. 2017 - Sep. 2017*
- Worked mostly on frontend of Weladee. Added and improved functionality in the customer portal attendance system.
- Built a dashboard from scratch for statistical studies of trains delayed in Belgium (SNCB). This project utilizes various technologies such as: GoLang, MongoDB, Memcached and ES6.
- Developed a custom dashboard for administrating golf clubs: manage events, ads and galleries. Communication between the dashboard's backend and the api is done through GRPC ensuring maximum performance.

Internship At ProTech Transfer Co., Ltd.   *Bangkok, Thailand*
TECHNICIAN TRAINEE   *Jan. 26 2015 - Jan. 30 2015*
- Performed basic maintenance of industrial machines: casting machines, laser welding machines, grinding and polishing machines.

Interests

Traveling
EXPLORATION
Love experiencing culture shock and challenging myself: it is an opportunity to open my mind. Making new relationship and gathering experience change my life.

Photography
ART
Pictures have lots of meanings. Every shot has it's own interpretation. It is an art of expressing myself, sharing common thoughts or memories with others through the images.

Technology
LATEST AND UPCOMING
Regularly follow the latest news. Technology like augmented reality, machine learning or blockchain fascinates me.
